

**THE RITZ-CARLTON SPA**

AMELIA ISLAND

## *Salt of The Earth* *Custom Blending-Bar Experience*

Hand-blend your very own himalayan salt scrub with a scent you create from our signature aroma collection.

This fun and interactive experience includes your very own “Salt –Barista” who will demonstrate to your guests how to custom create their own body indulgence product using our Salt of the Earth Blend-Bar. Your guests will enjoy learning the benefits of using natural ingredients like Himalayan Salt, and coconut oil to rebuild collagen, repair damaged skin and enhance the skin's resistance to oxidative damage.

This experience will create a memory that will last as each guest will personally choose or mix scents to create their own unique fragrance and bottle their own body indulgence products complete with a label they sign and date. The jar and aroma is a wonderful memory of their Ritz-Carlton Spa, Amelia Island experience.

### **Activity Includes:**

Spa certified Salt-Barista on site to educate and demonstrate to your attendees how to custom infuse and blend their own body products.
