

MONROE

GEORGIA

Monroe is the win-win location that delivers an attractive business environment with the best of progressive, small-town leadership. No wonder this city anchors one of the fastest growing counties in the nation and spans one of Atlanta's highest growth corridors. Monroe is less than an hour from Atlanta's international airport as well as the city's universities and research centers.

The Municipal Electric Authority of Georgia (MEAG Power) is a nonprofit, statewide generation and transmission organization. Recognized as one of the leading joint action agencies in the country, MEAG Power is among the top public power companies nationwide in terms of annual net generation, megawatt-hour sales and electric revenue. Its diverse, clean energy portfolio compares favorably with both the state and national averages.

Created by the Georgia General Assembly in 1975, MEAG Power provides reliable, competitive wholesale electricity to its 49 member communities (Participants), who own and operate their local electric distribution systems. MEAG Power also monitors and advocates on energy issues at the state and federal levels on behalf of its Participants.
