

FORSYTH

GEORGIA

Some of the largest warehouse/distribution facilities in the Southeast are centrally located in Forsyth, plus, there's much more. The city is home to three public safety powerhouses; has direct access to busy I-75; is one hour from Hartsfield-Jackson Atlanta International Airport; provides direct access to the Port of Savannah and has rolled out the red carpet for businesses looking for affordable, productive, nonunion labor.

The Municipal Electric Authority of Georgia (MEAG Power) is a nonprofit, statewide generation and transmission organization. Recognized as one of the leading joint action agencies in the country, MEAG Power is among the top public power companies nationwide in terms of annual net generation, megawatt-hour sales and electric revenue. Its diverse, clean energy portfolio compares favorably with both the state and national averages.

Created by the Georgia General Assembly in 1975, MEAG Power provides reliable, competitive wholesale electricity to its 49 member communities (Participants), who own and operate their local electric distribution systems. MEAG Power also monitors and advocates on energy issues at the state and federal levels on behalf of its Participants.
